Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 0106 X.

Cranes—Safe use

**Part 6: Guided storing and
retrieving appliances**

PREFACE

This Standard was prepared by the Joint Standards Australia/New Zealand Committee ME/5 on Cranes. It is a result of a consensus among representatives on the Joint Committee to produce it as an Australian Standard.

This Part 6 of *Cranes—Safe use*, specifies the requirements for the safe use of guided storing and retrieving appliances. It is intended for use in conjunction with AS 2550.1—1993, *Cranes—Safe use*, Part 1: *General requirements*. Additional requirements for *Cranes—Safe use*, will be covered by subsequent parts.

Published Standards in the series are:

AS

2550 Cranes—Safe use

2550.1 Part 1: General requirements

2550.4 Part 4: Tower cranes

2550.5 Part 5: Mobile and vehicle-loading cranes

2550.6 Part 6: Guided, storing and retrieving appliances (*this Standard*)

2550.10 Part 10: Elevating work platforms

2550.15 Part 15: Concrete placing equipment

It is intended to publish the following parts:

- (a) Builders' hoists and associated equipment.
- (b) Special purpose appliances.
- (c) Vehicle hoists.
- (d) Building maintenance units.
- (e) Mast climbing work platforms.

The term 'informative' has been used in this Standard to define the application of the appendix to which it applies. An 'informative' appendix is only for information and guidance.

Users of Standards are reminded that copyright subsists in all Standards Australia publications and software. Except where the Copyright Act allows and except where provided for below no publications or software produced by Standards Australia may be reproduced, stored in a retrieval system in any form or transmitted by any means without prior permission in writing from Standards Australia. Permission may be conditional on an appropriate royalty payment. Requests for permission and information on commercial software royalties should be directed to the head office of Standards Australia.

Standards Australia will permit up to 10 percent of the technical content pages of a Standard to be copied for use exclusively in-house by purchasers of the Standard without payment of a royalty or advice to Standards Australia.

Standards Australia will also permit the inclusion of its copyright material in computer software programs for no royalty payment provided such programs are used exclusively in-house by the creators of the programs.

Care should be taken to ensure that material used is from the current edition of the Standard and that it is updated whenever the Standard is amended or revised. The number and date of the Standard should therefore be clearly identified.

The use of material in print form or in computer software programs to be used commercially, with or without payment, or in commercial contracts is subject to the payment of a royalty. This policy may be varied by Standards Australia at any time.

STANDARDS AUSTRALIA

Australian Standard
Cranes—Safe use

Part 6: Guided storing and retrieving appliances

SECTION 1 SCOPE AND GENERAL

1.1 SCOPE This Standard specifies requirements for the safe use of guided storing and retrieving appliances. It is complementary to AS 2550.1, but the requirements specified herein shall take precedence over the corresponding requirements of AS 2550.1.

1.2 APPLICATION This Standard shall apply to the safe use of guided storing and retrieving appliances as described in AS 1418.6. The requirements of AS 1418.6 shall apply and no requirements given herein shall circumvent them.

1.3 REFERENCED DOCUMENTS The following documents are referred to in this Standard:

AS

1418 Cranes

1418.6 Part 6: Guided storing and retrieving appliances

1891 Industrial fall-arrest systems and devices

1891.3 Part 3: Fall-arrest devices

2549 Cranes—Glossary of terms

2550 Cranes—Safe use

2550.1 Part 1: General requirements

1.4 DEFINITIONS For the purpose of this Standard, the definitions given in AS 2549 and AS 2550.1 and below shall apply.

1.4.1 Management—person responsible for the direction of all activities associated with the operation of a guided storing and retrieving appliance.

1.4.2 Management's instructions—shall include the manufacturer's latest instructions, recommendations and specifications. Where any of these instructions, recommendations and specifications are not available from the manufacturer, they shall be drawn up by a competent person.
