Foreword

This document (CEN/TR 16411:2014) has been prepared by Technical Committee CEN/TC 252 "Child use and care articles", the secretariat of which is held by AFNOR.

This document supersedes CEN/TR 16411:2012.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights.

New interpretations have been added into this revised document:

Standard	Title	Subject
EN 14350-2: 2004	Drinking equipment (Chemical)	4.4 "Migration of certain elements Decoration: problem when coating done on glass
EN 14350-2: 2004	Drinking equipment (Chemical)	5.2.2 "Apparatus" Type of container to be used: EN 71-3 or other
EN 1400-3: 2002	Soothers for babies and young children (Chemical)	Type of container to be used: EN 71-3 ?
EN 12586:2007	Soother holder (safety & test)	5.1.4.2 "Ventilation holes" & B.10 "Guide tests and ventilation holes" Requirement for Ventilation hole and effect on guide 1 & 2
EN 12586:2007	Soother holder (safety & test)	5.1.4.2 "Ventilation holes" Requirement for specific holder (soother holder having additional function)
EN 1400-3:2002	Soothers for babies and young children (Chemical)	Migration of certain elements: analytical correction drafting to be aligned with EN 71-3
En 14350-2:2004	Drinking equipment (Chemical)	
EN 14372:2004	Cutlery and feeding utensils (safety & test)	
En 12586:2007	Soother holder (safety & test)	
EN 14372:2004	Cutlery and feeding utensils (safety & test)	5.3.1 "Tensile strength" Detachment for washing purpose
EN 12586:2007	Soother holder (safety & test)	5.1.4.2 "Ventilation holes" 5.1.12.4 " Supplementary components permanently attached to the strap or to the fasteners)" Requirement for specific holder (soother holder having additional function)
EN 12221-1: 2008	Changing units for domestic use(safety)	Applicability of the standard in case of additional changing table attached to the cot

Introduction

Interpretations and no-action decisions:

This Technical Report contains replies to requests for interpretation and clarifications with regard to the understanding of clauses in the standards elaborated within the CEN/TC 252. The replies concern those requests which have resulted in an interpretation or the decision that no action is necessary.

An interpretation does not have the same status as the text of the standard, nor can it overrule the text of the standard. However, following an interpretation should give assurance that the relevant clause of the standard has been correctly applied. An interpretation will only be regarded as a clarification of the meaning of the standard.

a) Disclaimer:

The interpretations and clarifications have been derived by expert groups of CEN/TC 252. The information contained herein is for guidance only and does not reflect the formal approval by CEN or CEN member bodies. It should be noted that the interpretations are neither part of any standard nor have been referenced in the Official Journal of the European Union.

b) Requests for interpretation:

Requests for interpretations may be submitted by a CEN member body through its national committee or by a CEN/TC 252 liaison (but not directly by an individual or a company) - in accordance with the interpretation protocols agreed by CEN/TC 252. The requests are then channelled to the relevant CEN/TC 252 working group which will deal with the request.

A request for an interpretation may lead to:

1) an interpretation of the standard:

this should reflect a reasonable interpretation of how the standard should be used, while taking into account:

- i) the wording of the standard;
- ii) the rationale of the standard;
- iii) the history of the standard;

2) a no-action decision:

this is applicable when it is agreed that the standard appropriately specifies how a child care article shall be assessed;

3) a proposal for an amendment of the standard:

this is applicable when it is agreed that the standard is deficient in some way.

NOTE Interpretation and no-action decisions are published in CEN/TR 16411, which will be updated on a regular basis.

Proposals for amendments will be progressed as new work item proposals in accordance with CEN rules.

c) Answers to requests for interpretations:

Since requests for interpretations are submitted through a CEN member body, it is assumed that the member body will keep itself informed about decisions concerning the request and its progress and will itself inform the originator of the request as appropriate.

1 Scope

The purpose of this CEN Technical Report is to provide replies to requests for interpretations and clarifications of:

- EN 1273:2005, *Child use and care articles — Baby walking frames — Safety requirements and test methods*;
- EN 1888:2003, *Child care articles — Wheeled child conveyances — Safety requirements and test methods*;
- EN 1888:2003/A1:2005, *Child care articles — Wheeled child conveyances — Safety requirements and test methods*;
- EN 1888:2003/A2:2005, *Child care articles — Wheeled child conveyances — Safety requirements and test methods*;
- EN 1888:2003/A3:2005, *Child care articles — Wheeled child conveyances — Safety requirements and test methods*;
- EN 1888:2012, *Child care articles — Wheeled child conveyances — Safety requirements and test methods*;
- EN 1930:2011, *Child use and care articles — Safety barriers — Safety requirements and test methods*;
- EN 12586:2007, *Child use and care articles — Soother holders — Safety requirements and test methods*;
- EN 12790:2009, *Child use and care articles — Reclined cradles*;
- EN 12221-1:2008, *Changing units for domestic use — Part 1: Safety requirements*;
- EN 12221-2:2008, *Changing units for domestic use — Part 2: Test methods*;
- EN 1466:2004+A1:2007, *Child care articles — Carry cots and stands — Safety requirements and test methods*;
- EN 14350-2:2004, *Child use and care articles — Drinking equipment — Part 2: Chemical requirements and tests*;
- EN 1400-3:2002, *Child use and care articles — Soothers for babies and young children — Part 3: Chemical requirements and tests*;
- EN 14372:2004, *Child use and care articles — Cutlery and feeding utensils — Safety requirements and tests*.
