Soil improvers and growing media - Terminology

Amendements du sol et supports de culture -
Terminologie

Bodenverbesserungsmittel und Kultursubstrate -
Terminologie

This Technical Specification (CEN/TS) was approved by CEN on 3 January 2022 for provisional application.

The period of validity of this CEN/TS is limited initially to three years. After two years the members of CEN will be requested to submit their comments, particularly on the question whether the CEN/TS can be converted into a European Standard.

CEN members are required to announce the existence of this CEN/TS in the same way as for an EN and to make the CEN/TS available promptly at national level in an appropriate form. It is permissible to keep existing national standards in force (in parallel to the CEN/TS) until the final decision about the possible conversion of the CEN/TS into an EN is reached.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

European foreword

This document (CEN/TS 17732:2022) has been prepared by Technical Committee CEN/TC 223 “Soil improvers and growing media”, the secretariat of which is held by NEN.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document has been prepared under a Standardization Request given to CEN by the European Commission and the European Free Trade Association.

Any feedback and questions on this document should be directed to the users' national standards body. A complete listing of these bodies can be found on the CEN website.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to announce this Technical Specification: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Introduction

Some of the standards requested by the standardization request M/564 will use common terminology. For ease of reference, to simplify standardization work and to avoid unnecessary repetitions such common terminology is included in this document. In this way, any document where the relevant terminology is used could refer to this document.

1 Scope

This document specifies terminology for soil improvers and growing media.

Annex A contains an overview of all terms defined in this document in alphabetical order.

2 Normative references

There are no normative references in this document.

3 Terms and definitions

3.1 General terms

3.1.1

additional labelling

information which can be shown on the package, label or on the accompanying documents

3.1.2

container

receptacle or vessel in which material is delivered, including a lorry, ship, boat and packaging

3.1.3

intended use

application of a product, process or service in accordance with information provided by the supplier

3.1.4

labelling requirements

information which is shown on the package, label or on the accompanying documents

3.1.5

package

container and materials contained therein, which are delivered and where the container remains with the material after delivery

Note 1 to entry: A package can be a loose-filled sack, a big bale or a compressed block in packaging.

3.1.6

strike

transparent sheet of flat material, for instance toughened glass or acrylic glass which is easily large enough to cover the top of the measuring cylinder

Note 1 to entry: Used to calibrate measuring cylinder.

3.1.7

user

anybody applying the product, including professional and non-professional (amateur) persons
