## Foreword

This Technical Report was prepared by the Technical Committee CENELEC TC 61, "Safety of household and similar appliances".

This document supersedes CLC/TR 50417:2010.

It includes all the interpretations agreed up to the CLC/TC 61 meeting in December 2011.

This Technical Report includes all Interpretations currently in force made by CENELEC TC 61 on EN 60335 series of standards. It also includes all decision sheets in force made by OSM/HA. Both types of interpretations are clearly identified. Interpretations relating to a particular standard are listed together, the Parts 2 of EN 60335 being associated with the appropriate edition of Part 1. For each standard, the interpretations are listed in the order of clauses and subclauses.

Each **CENELEC TC 61** interpretation is identified by

- the place and date of the meeting when it was agreed;
- the document number of the minutes of the meeting;
- the number of the reference document, when applicable;
- a code with the format YYYY/XX, where
  - YYYY is the year when the interpretation was decided,
  - XX is the number of the interpretation, restarted every year.

Each **OSM/HA** decision sheet is identified through the following template:

DECISION SHEET				Date
Standard EN 60335-X				YYYY-MM-DD
(Sub)clause	Meeting	Agenda item	Document	OSM/HA
				Exp. date
...	...	...	...
