## Paints and varnishes — Coating systems for wind-turbine rotor blades

---

Part 2: Determination and evaluation of resistance to rain erosion using rotating arm

## National foreword

This Published Document is the UK implementation of ISO/TS 19392-2:2018.

The UK participation in its preparation was entrusted to Technical Committee STI/10, Test methods for paints.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
