

<b>Contents</b>	<b>Page</b>
1 Introduction.....	1
2 Scope and purpose .....	1
2.1 Scope .....	1
2.2 Purpose .....	1
3 Technology descriptions.....	1
3.1 Production .....	1
3.2 Storage and transportation .....	4
3.3 Use .....	10
4 Terms .....	12
5 References .....	21
<b>Figures</b>	
Figure 1—Steam methane reforming (SMR) schematic .....	2
Figure 2—Typical liquid hydrogen supply system.....	8
Figure 3—Examples of pressure-composition-isothermal (PCT) plots for reversible metal hydrides .....	10
Figure 4—Fuel cell principle.....	11
<b>Appendix</b>	
Appendix A—Additional information for considerations on ullage (Information), .....	23
