Learning Outcomes

This seminar is based on *IES LEM-3-13 Upgrading Lighting Systems in Commercial and Institutional Spaces*.

At the end of the seminar, the participant will be able to:

- Understand the overall scope of IES publication LEM-3-13
- Address the important issues for lighting upgrade projects
- Analyze equipment alternatives and strategies outlined in LEM-3-13
- Compare energy-saving upgrade lighting applications

Participants may receive (2) IES CEUs or (2) IES LUUs.
